Craniofacial Abnormalities

Partners' Names _____

Partner B - type your answers in this document. Partner A - rename the document with your names and "Craniofacial" and save to your class folder on the server. For example, a document might be named: Mike - Sally – Craniofacial. Add any additional information you've decided is important to remember in writing your *Wonder* chapter in Task #4 by typing it at the bottom of the page.

1. What are craniofacial abnormalities?

2. What causes them? List at least 2 possible causes.

3. What are the most common craniofacial abnormalities? Put at least 3 into the chart below.

Example of a Craniofacial Abnormality	Describe its features
